CPULSE

The Pulse of Core · Powering the Heartbeat of the Core Ecosystem

Whitepaper · Version 1.0 · August 2026

1. Introduction

CorePulse (CPULSE) is a community-driven digital asset built on the Core Blockchain. Our mission is to create a transparent, secure, and community-first ecosystem that rewards long-term holders while supporting innovation across the Core ecosystem.

CPULSE is designed to unite builders, traders, creators, and supporters through decentralized governance and sustainable ecosystem growth.

2. Token Overview

Field	Detail
Name	CorePulse
Ticker	CPULSE
Blockchain	Core (Chain ID 1116)
Total Supply	21,000,000 CPULSE (fixed)
Contract	0x9beCC7432928B5B68ffA9895e3C4640b82D11C1E
Verification	Verified on Sourcify (Exact Match)
Transaction Burn	0.5%

Dev Fee	3.5%
---------	------

The total supply is fixed at 21,000,000 CPULSE. No further minting is possible. A 0.5% burn on every transaction is permanently removed from circulating supply, while a 3.5% dev fee is routed to the project's dev wallet to fund ongoing development and operations.

3. Token Distribution

Allocation	Percentage	Amount (CPULSE)
Community	50%	10,500,000
Liquidity	15%	3,150,000
Ecosystem Development	10%	2,100,000
Marketing & Partnerships	10%	2,100,000
Team (locked)	5%	1,050,000
Reserve	10%	2,100,000

Note: Distribution allocations above are as provided by the project team. We recommend the team publish the lock terms for the Team allocation (duration, unlock schedule, and vesting contract if applicable) so holders can verify these independently on-chain.

4. Utilities

CPULSE is designed to serve multiple functions within the Core ecosystem:

- **Community rewards** (future) — incentivizing active participants
- **Governance voting** (future) — giving holders a voice in project decisions
- **Staking** (future) — rewarding long-term holders
- **Ecosystem incentives** (future) — supporting growth initiatives
- **Partnerships** — collaborations across the Core ecosystem
- **NFT integrations** (future) — connecting CPULSE to digital collectibles
- **Launchpad participation** (future) — access to future project launches

5. Token Generation Event (TGE)

Date: Soon — to be announced

Further details on the exact date, listing venues, liquidity provisioning, and claim mechanics (if any) will be announced via the official Telegram channel ahead of the TGE.

6. Transparency & Verification

- Contract address: 0x9beCC7432928B5B68ffA9895e3C4640b82D11C1E
- Verified on Sourcify: repo.sourcify.dev/1116/0x9beCC7432928B5B68ffA9895e3C4640b82D11C1E
- Chain: Core Mainnet (1116)

Holders and prospective holders are strongly encouraged to independently verify the contract address, source code, and any wallet addresses before transacting. Never trust addresses shared outside official channels.

7. Official Channels

- Telegram: t.me/CorePulseOfficial

Additional channels (website, X/Twitter, Discord) to be added as they go live.

8. Disclaimer

This document is for informational purposes only and does not constitute financial, investment, or legal advice. Cryptocurrency assets carry significant risk, including volatility and potential loss of principal. CPULSE holders and prospective holders should conduct their own research and consult independent advisors before making financial decisions. Nothing in this document should be construed as a guarantee of future value, utility, or performance.

This whitepaper reflects information provided by the CorePulse team as of the publication date above. Where details are not yet finalized, this document will be updated accordingly.
